

OVERVIEW

The Growth and Income strategy was established in 2002. This is a diversified growth stock portfolio invested in 30-45 companies of all market capitalization sizes that are growing their dividends. Due to our long-term investment approach, turnover for the portfolio is low - averaging less than 20% annually.

INVESTMENT PHILOSOPHY

Riverbridge believes earnings power determines the value of a business, therefore we invest in high quality growth companies that possess the ability to build their earnings power at above-average rates for long periods of time. We define earnings power as companies achieving high returns on invested capital while possessing an enduring strategic advantage in their marketplace.

We build portfolios by identifying and buying well-managed companies we believe can maintain consistent unit growth and strong free cash flow, allowing them to finance their growth using internally generated sources of capital.

PORTFOLIO FACTS (AS OF 09/30/2021)

Firm Information: Riverbridge Partners, LLC is a Minnesota based investment advisor registered with the Securities and Exchange Commission under the Investment Advisors Act of 1940. The firm provides investment management services to institutional and individual investors. The company offers growth-oriented investment services by investing in growth equity securities, which it believes will provide high returns over the long term. The firm's standard fee schedule is an annual 1%.

Composite Characteristics: The Growth & Income Composite was created in January 2003 and its inception date was 12/31/2002. It is a diversified stock portfolio invested in higher yielding medium to large sized growth companies. A complete list and description of all firm composites, including broad and limited distribution pooled funds, is available upon request. The composite benchmark is the S&P 500® Index which was changed from the Russell 1000® Growth in 2010 due to client request. The S&P 500® Index includes 500 industry leading companies measuring the performance of the large-cap U.S. equity universe. The benchmark returns are gross of all fees and taxes. The composite minimum value is \$100,000.

Material risks of the strategy include stock market, business and economic development, liquidity, and foreign security risk. Leverage, derivatives, short positions and illiquid investments are not used in the strategy. As with any investment, an investor may lose money, and the strategy can underperform its benchmark. Investment in strategies is not insured by the FDIC or any other government agency.

Calculation Methodology: Individual portfolios are revalued daily starting 1/1/2009. Prior to that, individual portfolios were revalued monthly and intra-month when large cash flows (defined at 10%) occurred. Gross-of-fee returns are calculated net of transaction costs and gross of management fees. Until 12/31/2007, net performance was calculated by applying the maximum annual management fee of 1% to gross performance on a monthly basis. Starting 1/1/2008, net-of-fee returns are calculated net of actual investment management fees. Both gross-of-fee and net-of-fee returns are calculated gross of all withholding taxes on foreign dividends. Accruals are included in calculations. The dispersion measure is the equal-weighted standard deviation of accounts in the composite for the entire year. Dispersion and Ex-Post standard deviation is calculated using gross-of-fees returns. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.

Other Disclosures: Riverbridge claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Riverbridge has been independently verified for the period 12/31/1989 – 12/31/2020. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Growth and Income Composite has had a performance examination for the periods 01/01/2003 – 12/31/2020. The verification and performance examination reports are available upon request.

The benchmark returns are not covered by the report of the independent verifiers. Past performance does not guarantee future results. This performance report should not be construed as a recommendation to purchase or sell any particular securities held in composite accounts. Market conditions can vary widely over time and can result in a loss of portfolio value.

Performance Disclosures:

- Returns presented within this document are presented for gross-of-fee performance figures, which do not reflect the deduction of investment advisory fees. A client's returns will be reduced by the advisory fees and other expenses incurred in the management of its account. For example, the deduction of a 1% advisory fee over a 10 year period would reduce a 10% gross return to an 8.9% net return. A description of Riverbridge Partners' advisory fees are disclosed on Part 2 of its Form ADV, a copy of which is available upon request.
- Past performance does not guarantee future results.
- Performance results do not reflect the impact of taxes.
- It should not be assumed that account holdings will correspond directly to any such comparative benchmark index.
- Comparative indices may be more or less volatile than Riverbridge portfolios.
- Riverbridge performance results reflect the reinvestment of dividends and other account earnings, and are net of applicable account transaction charges.
- Information in this document is not intended to be used as investment advice.
- Mention of companies/stocks herein is for illustrative purposes only and should not be interpreted as investment advice.
- The holdings included in this document are for illustrative purposes only and should not be considered a recommendation to purchase or sell any particular security. There is no guarantee that the same or similar holdings will be purchased or held in accounts in the future.
